SRT 600 SX FEATURES

FULL LED LIGHTING

Headlights, tail lights, DRL's and indicators are full LED as standard. The LED lighting system guarantees exceptional visibility and increased safety day or night. The ADV bike is equipped with Aux DRL / Fog lights as standard

MARZOCCHI ADJUSTABLE SUSPENSION

Marzocchi adjustable long travel USD front forks and rear mono-shock shock can easily cope with the impact of rough roads or pot hole filled city streets for a smooth comfortable ride

554cc 270 DEGREE CRANK DOHC PARALLEL TWIN ENGINE

The QJMOTOR SRT 600 SX has a 270 degree crankshaft in this compact yet powerful parallel twin cylinder engine as standard. The 270 degree firing order mimics the feel of a V-Twin offering a more linear power output and reduced vibration.

LARGE TFT DASH

The SRT 600 SX has a 7in TFT screen that has a colourful, clear and easy to read screen showing a wide array of information such as speed, engine revs, engine temp, outside temp, fuel gauge, odometer and trip, tyre pressure and temperature and navigation mirroring from your mobile phone via Bluetooth. The clear, easy to read display allows the rider to select different rider modes, switchable ABS and TCS
