SFA 400 AG FEATURES

ENGINE

The brand new QJMOTOR SFA 400 is powered by a single-cylinder, liquid-cooled engine that produces 33.5 horsepower. This allows it to operate efficiently on both paved and unpaved roads.

IRS SUSPENSION

The brand new QJMOTOR SFA400 features independent double wishbone suspension at the front and rear. Integrated with the drive shaft and differential. The suspension on this ATV is based on four oil-damped shock absorbers at the front and rear giving fully Independent suspension.

TFT DISPLAY

This brand new QJMOTOR SFA 400 has an aesthetic TFT display on which you can read the speed, engine speed, fuel level, engine temperature, current gear engaged and the number distance travelled. The driver also has two USB charging sockets at their disposal.

BUMPERS & LIGHTING

The QJMOTOR SFA 400 has full LED lighting with front and rear bumpers as standard.
